WORK EXPERIENCE

Studio and Administrative Assistant

Paducah School of Art and Design

📅 January 2016 – Ongoing

📍 Paducah, Kentucky

- Organizing artwork
- Setting up exhibits and shows
- Pouring into the local community

Sales Representative

Abercrombie and Fitch//Journeys

📅 December 2015 – October 2018

📍 Paducah, Kentucky

- Talking with a variety of people
- Working with sales numbers and goals
- Problem solving with placement and machine errors

Independent Work

Various Locations

📅 August 2018 – Ongoing

📍 Various

- Building wood working studios (Problem solving and hands on critical thought)
- Moving high price artwork over a thousand miles
- Using moving trucks, moving furniture, renovating houses

PROGRAMMING LANGUAGES

Java, SQL

My strong suit, used daily to construct solutions to problems

C#, HTML/CSS, JavaScript

I've dealt with these a fair bit in both business and practical applications/websites.

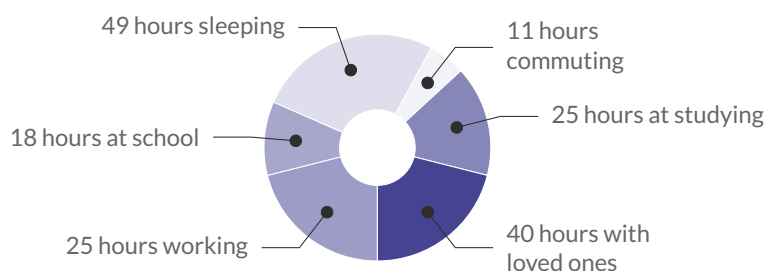

MATLAB, Python, C++, LaTeX, Swift

These I have worked with, but only since this semester, so I can understand the concepts, but I do not have much experience yet, but will grow.

HOW I SPEND MY WEEK

EDUCATION

Computer Science Major

Murray State University

📅 August 2018 – May 2020

Part of my B.S. in Science, and my strong suit.

Mathematics Major

Murray State University

📅 August 2018 – May 2020

Part of my B.S. in Science, chosen to amplify my critical thinking skills

Associates in Arts and Science

West Kentucky CTC

📅 August 2016 – May 2018

Completed enough courses to fit both a Science and Arts Associates degrees.
